(Currently enrolled students, current staff, and current and emeriti faculty.)		2,150		2,619			2,650			2,894			2,688			2,857			3,295				

NOTES:

Trotter Hall became dual purpose in 1999-00, and is now used for staff development and training, as well as classroom.

Other Instructional areas include, for example, Computer Science Labs and Engineering computer labs. Counts for these had not been included prior to 2007-08.

In 2009-10 the PCs in McCabe Library 3rd Floor Lab were replaced with dual boot Macs.

**Beginning in 2022-23, methodology changed to allow for a more accurate estimate. Students on leave and incoming students are included.
