

Graduating Class of 2013

This report presents a brief summary of the demographic and academic characteristics of the Class of 2013. On June 2, Swarthmore College awarded 381 degrees to 374 graduates. A total of 21 BS degrees were awarded. Seven students earned both the BA and the BS.

	<u>Women</u>	<u>Men</u>	<u>Total</u>
Nonresident aliens	10	13	23
Hispanics of any race	28	18	46
American Indian or Alaska Native, non-Hispanic	2	0	2
Asian, non-Hispanic	26	28	54
Black or African American, non-Hispanic	13	8	21
Race and/or ethnicity unknown	25	19	44
Two or more races, non-Hispanic	14	9	23
<u>White, non-Hispanic</u>	<u>73</u>	<u>88</u>	<u>161</u>
Total	191	183	374

Slightly over half (51%) of the graduates were women, similar to recent years. Thirty-nine percent of graduates were members of minority groups (non-Hispanic: American Indian/Alaska Native, Asian, Black, or Two or more races; Hispanic of any race), slightly higher than last year (36%).

Over a quarter (28%) of graduates had double majors the highest rate since we began tracking in 1985. Just under half (48%) of the students had at least one major in the Social Sciences, 23% had major(s) in the Humanities, and 32% in the Natural Sciences and Engineering. Each of these proportions is slightly lower than last year. Another 14% of the majors were interdisciplinary (and crossed divisions), the highest proportion since we began tracking. (The totals sum to more than 100% because students may have majors in more than one division.)

* A student with two majors each in a different division will be counted in both divisions, and so the total of the divisions may exceed the number of graduates. (If a student has two majors, both in the same division, they are counted only once.)

Two hundred and twenty-four graduates earned 259 minors, 82 in Honors, and 177 in Course. The proportion of students earning some form of honors this year was 24%, the lowest proportion since 1997 (22%). Of the 89 students earning honors, 37 earned Honors, 42 earned High Honors, and 10 earned Highest Honors. (See historical data presented on the last page of this summary.)

The proportion of graduating seniors who have studied abroad continues to be between a third and a half. In the Class of 2013, 38% of the students studied abroad, the same proportion as last year, and fewer than the high of 44% in the Class of 2010 who studied abroad.
